### Employment Record:

- 2020 - Present - Smith Gardner, Inc.
- 2012 - Present - United States Coast Guard  
Active Duty and Reserves

### Areas of Expertise:

- Water Quality Sampling and Data Collection
- Environmental Data Analysis

Mr. Liebl works with water quality monitoring and compliance, soil evaluation, landfill gas compliance, and other environmental monitoring, reporting and data collection.

Mr. Liebl is experienced in environmental data collection and analysis. He routinely collects groundwater samples and surface water samples from various project sites for laboratory analysis. He also conducts LFG monitoring at projects sites to ensure NCDEQ and EPA standards are met.

After serving active duty with the United States Coast Guard, Mr. Liebl received his Master's of Science degree in Environmental Assessment from North Carolina State University. Mr. Liebl joined Smith Gardner in 2020 and continues to focus on the environment as he reviews laboratory reports, analyzes data, compiles and finalizes groundwater monitoring and LFG reports.
