

Smith Gardner, Inc., an employee-owned engineering and environmental services firm, is seeking Civil Designer candidates for our Columbia, SC or Raleigh, NC office. Candidates should have a minimum of 2 years of experience with the preparation of civil engineering drawings, site plans, construction plans, cross sections, and design details utilizing computer aided design (CAD) software and methods. Candidates should have an Associate's degree in Civil Engineering Technology or related field at a minimum.

Responsibilities:

- Able to work with minimal direction and supervision to produce drawings, maps, and related material to support civil engineering and environmental projects
- Ability to develop drawings for civil site plans (grading, drainage, and paving) from sketches (determine scales, layout, and need for specific detail)
- Experience with development of plan and profile drawings with an understanding of page layout and the use of exaggerated vertical scales
- Work on multiple project tasks while maintaining a high level of flexibility and meeting deadlines

Qualifications:

- Minimum of 2 years of experience as a Civil Designer
- Associate's degree in Civil Engineering Technology or related field
- Proficiency with AutoCAD (Civil 3D)
- Proficiency with MS Office
- Knowledge of ArcGIS is a plus
- Strong organizational skills

Compensable benefits package offered with this full-time position.

Benefits offered:

- Paid time off
- Health insurance
- Dental insurance
- Healthcare spending or reimbursement accounts such as HSAs or FSAs
- Retirement benefits or accounts

***Not accepting resumes from third party recruitment services for this position.

This is a full-time position with competitive pay based on experience along with excellent benefits. Submit resume, and cover letter for consideration to:
